BRILLIANT LARGE-FORMAT DISPLAYS

Make a big impact with Christie large-format LCD displays. Available in a range of sizes, these discrete panels are perfect for applications such as meeting rooms, classrooms, corporate lobbies, digital signage and more.

Christie Access II Series

With the latest form factor, the most comprehensive connectivity, and an ultra-thin depth for ADA-compliance, Access II Series offers the highest brightness in the affordable display category. The Access II Series commercial feature set makes deployment into demanding applications easy. Access Series models can provide an ideal solution for dynamic presentations, educational collaboration or engaging retail applications.
